6.4.1 Institution has strategies for mobilization and optimal utilization of resources and funds from various sources (government/ nongovernment organizations) and it conducts financial audits regularly (internal and external)

External and Internal Audits :

Institution believes that it has effective and robust in-house mechanism for financial audit. However, like to have opinion of third party too. Till date institutional financial audit is carried out by Chartered Accountant (CA). The observations and comments of CA are taken into considerations and implemented immediately. Similarly financial assistance and remuneration received from SPPU is audited by external CA and audited balance sheet is submitted to SPPU for the approval. The funds received from non-governmental organization (Consultancy, Resource sharing) is deposited and utilized for said activity. This account is audited and report is submitted to respective non-government organization for information.

All the departments having departmental association where students contribute for department specific co- curricular and extra-curricular activities. This account is also audited and audited balance sheet is displayed on notice board for information of all students.

Funds received from reservation are required to distribute all the students in their account. This account is also verified and audited by government regularly.

Fund Mobilization and Utilization

Apart from the funds received by the institute through fees collection, funds are mobilized as per the policy defined by the institute as follows:

1. Fund mobilization for co-curricular and extra-curricular activities through university schemes.
2. Fund mobilization for student projects and student oriented mega activities through corporate CSR schemes and sponsorships from private and public organizations.
3. Fund mobilization to support needy students through university schemes like "Earn and Learn", donations by philanthropists, scholarships and free ships from government schemes and NGOs.
